## Dear Colleagues,

It is our great pleasure and honour to invite you to attend **the International Acibadem Heart Days II Symposium** dedicated to **“Transposition of the great arteries: From newborn to adulthood”**. Symposium will be held at Acibadem Altunizade Hospital on November 23th 2019 in Istanbul, Turkey.

We are delighted to be able to present you this one day event which will be comprised of comprehensive presentations from pediatric cardiologists & cardiac surgeons, interactive breakout sessions and panel discussions. The scientific agenda of Acibadem Heart Days 2019 will cover all the relevant aspects of transposition of the great arteries, including prenatal diagnosis, neonatal management, surgical options, associated anomalies, reoperations and outcomes.

We hope our guests will find an extraordinary opportunity to share their ideas and visions with the faculty members in a friendly atmosphere and to build professional relationships of great value.

Finally, you will have the chance to visit the wonderful city of Istanbul, from ancient sites to modern-day architectural features, one of the most visited cities in the world.

We look forward to welcoming you to Acibadem Heart Days II 2019.
