

ESVS 33RD ANNUAL MEETING

24-27 SEPTEMBER 2019

HAMBURG MESSE, GERMANY

European Society for Vascular Surgery
Science, Innovation and Education

24th May 2019.

Dear National Society,

The ESVS is proud to be once again promoting the 'Global Village' concept at the [ESVS 33rd Annual Meeting](#), on 24th-27th September 2019 in Hamburg, Germany. This initiative, launched in 2017, aims to offer a new meeting place for **National Societies to meet their members** (and potential new members!), to showcase their own National meetings and their country to everyone at ESVS.

The 'Global Village' is a **free space** with tables, chairs and a display area, open on Wednesday 25th and Thursday 26th September. Societies can meet here, socialise, explain their Societies' plans and show their Society and their country to others. We hope you will take this as a networking opportunity to exchange with those in your own country and also your counterparts within Europe and beyond.

We offer one free **ESVS Registration** per National Society (for this poster/ exhibition area, and the scientific meeting), so you can organise and promote your space. Our Industry partners will also be very pleased to meet and talk with you, about how you can best help serve your country's needs.

We invite you to support the Global Village and express your Societies' interest through [this link](#) before 14th June.

A get-together meeting with all of you and your National Societies will be organised by our Secretary General, Prof. Sebastian Debus, and the UEMS Secretary General, Prof. Armando Mansilha on Wednesday 25th September from 07:00 to 08:00. This meeting will be our opportunity to **discuss how National Societies and ESVS can work closely together to achieve their joint aims of better vascular care for the patients in all our countries** and we welcome a representative from your National Society to join us.

We hope that we can rely on your support to strengthen connections between the ESVS and National Societies and to continue communicating with and learning from one another. May we ask that you share an email communication with your members to promote this event, and the Annual Meeting as a whole, and to add ESVS 33rd Annual Meeting to your website and events calendar. For your convenience, we attach the suggested message to this email.

Looking forward very much to seeing you in Hamburg,

With warmest best wishes,

Henrik Sillesen – President

Sebastian Debus – Secretary General

Arkadiusz Jawien - ESVS Membership and National Society Committee chair
